**Prefabricated Solution Delivers Fast Set-Up and Simple Plug & Play Operation**

**FEATURES:**

- 1. **PRE-FABRICATED SKID BASE** - High quality, structural strength and long life.
- 2. **STEEL STANCHION** - Hefty 10" channel protects against accidental truck pull-aways.
- 3. **PNEUMATIC ACTUATION** - Installed to code and tested prior to shipment to ensure safety.
- 4. **A308 SEAMLESS PIPE** - 3" piping allows for rapid loading up to 600+ GPM.
- 5. **EMERGENCY SHUT-OFF VALVES** - Minimize liquid and vapor loss in the case of emergency.
- 6. **POSITIVE SHUT-OFF VALVES** - Manually operated shut-off valves at skid.
- 7. **BREAK-AWAY NIPPLES** - Prevent damage to piping and valves in case of accidental pull-away.
- 8. **HOSE RACK** - Keep hoses out from underfoot - for safer operation.

**Liquid Transfer Skids** Loading and Unloading solutions with customizable options to include liquid pump, compressor, metering and other instrumentation for all skids. Prefabricated to industry standard and tested in-house to reduce installation time. Skid packages include all of the equipment and installation hardware to allow immediate use, ease of options and built by our industry leading design and manufacturing teams.

**Need help with your project?** Save time and money, TransTech can provide Valve & Instrumentation kit to fit your tank, freight to the project site and full installation. Feel comfortable your project will be installed to the latest NFPA 58 Standard and will fit your needs.

**Tank Set & Installation!** From providing expert engineering assistance in specifying the correct valve and instrumentation, size piers to coordination of freight and offloading - through to site excavation and tank set, we provide a turnkey bulk plant or terminal solution.
